

Size-Inclusive Dress For Every Season & Occasion

Let's be honest, there is not one woman who hasn't gone to their closet, full of clothing, and exclaimed, "I have nothing to wear". We're all guilty of it! Especially for special occasions (holidays, weddings, date night, girls' weekends) when the fashion stakes are raised and you want to look beautiful, exude confidence and feel comfortable. Well my friends, there is now a dress we can all grab from our closets that will solve the self-inflicted fashion frustrations we all experience...The Dream Dress! One dress, that does it all.

Designed to be worn 12 different ways, they are machine washable, lightweight and wrinkle-free. The dress is feminine and it is forgiving, constructed with liquid smooth ITY Jersey with a dash of spandex to hug and support all the right places. Appropriate for every occasion, the knee-length frocks feature Yoryu Chiffon accented with funky animal prints displayed on the trim, belt and sunburst pleated kick front.

The reason this line is so imaginative, astute and comprehensive? The woman behind The Dream Dress is none other than fashion industry veteran and super model, the breathtaking Lorelei Shellist. Throughout her career, Shellist became an international runway model and muse for the grand masters of style; Yves St. Laurent, Karl Lagerfeld, Chanel and Armani, just to name a few. Her free time was spent living out of a suitcase while traveling with globe with fiancé Steve Clark of Def Leppard, on the world-wide "Hysteria" tour, designing Steve's stage-wear and style for MTV music videos, award shows and press. Lorelei knows fashion. She knows fit. Every thread in her being speaks from decades of experience, hard work and being an insatiable sponge,

collecting coveted knowledge and insider skills, every high-heeled step of the way.
